Period 3 Pricing

Effective Week 9, 2022, the producer levy rate will be \$0.2618 per bird per week and represents 0.0032 per bird rate increase. The increase in the weekly levy rate is a combination of EFC increasing their rate by \$0.0102 per bird and BCEMB reducing their rate by \$0.0075 per bird. A price adjustment is required to bring the provinces closer to their COP as there has been some large increases in feed prices over the last year and there are likely more to come. An update on price increase discussions across Canada were presented for discussion.

The Board discussed options for a price increase. The topic will be discussed further at the January 13-14 board meeting.
