All of the quota available for sale in the Lower Mainland was purchased by producers who have not more than 6,000 units of layer quota. As a result, there is no Pool B for the Lower Mainland.

The offer to buy fill rates on the June 2022 Quota Exchange were:

- 16% in the Interior
- 7% in the Lower Mainland
- 10% with all potential offers to buy considered

The conditions required for an increase to the market clearing price specified in Part VI of the BCEMB Consolidated Order were not met on this exchange as the 1,452 units of quota available for purchase was less than 1.5% of BCEMB's total allocated quota. As a result, the price per unit on the next exchange will remain at \$360.00.
